

Children look to adults as role models. How we conduct ourselves will ultimately determine how they choose to conduct themselves. We expect each player to display good sportsmanship and we will tolerate nothing less from our spectators.

Each person out on the field is a volunteer. We understand that the umpire may not call them as *YOU* see them. Please remember, he/she is the one down on the field, closest to the play and must call them as he/she sees them.

Poor sportsmanship from the bleachers will not be tolerated. If your manager does not perform to your standards, please speak to him/her away from the ears of the players and other parents. If, after speaking to the manager, you are still not satisfied, then speak to your player agent. If during the game the bleachers become unruly, the offending individual(s) will be asked to leave the fields of Morada Little League. You must remain in the school parking lot until your player arrives to your car. If you refuse to leave, the Stockton Sheriff's Dept. will be notified to escort you from the fields.
